

LEVEL-ONE AND ATMOSPHERIC SCIENCE DATA AT NASA

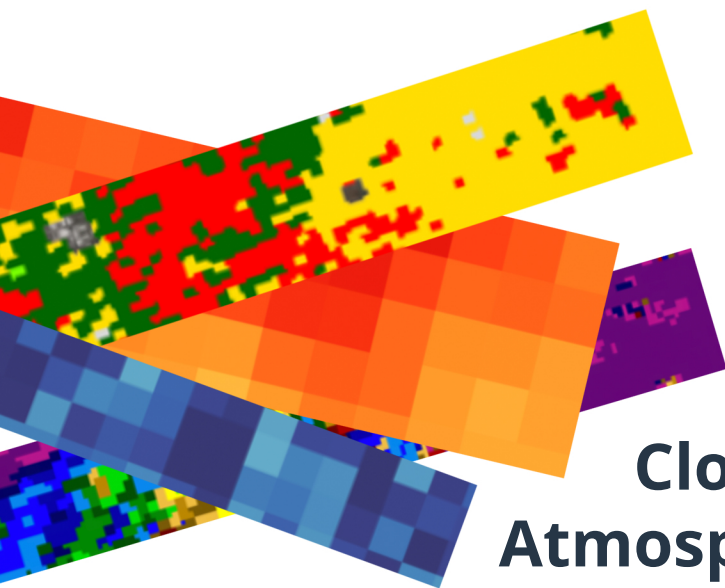

Aqua MODIS
Terra MODIS
SNPP | JPSS-1 VIIRS
Envisat MERIS
Sentinel 3-OLCI
Sentinel 3-SLSTR

Over **6,900 TBs** of total archive volume.

More than **370 unique datasets** ready to download.

Freely available and open to the public.

Aerosols
Water Vapor
Cloud Properties
Atmospheric Profiles
Cloud Mask
Calibrated Radiances
Geolocation

The Level-One and Atmosphere Archive & Distribution System Distributed Active Archive Center (LAADS DAAC) is part of the Terrestrial Information Systems Laboratory located at NASA's Goddard Space Flight Center in Greenbelt, Maryland. LAADS DAAC is co-located with the MODIS Adaptive Processing System (MODAPS).
